DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to anticipate or make obvious the inventions of claims 11, 14, 17, 19, and 20, including, *inter-alia*, a device for tonometry in a gastrointestinal tract having two tubes of specific diameters and thicknesses, where the entire lengths of each of the tubes are permeable to gasses and impermeable to fluids, in combination with all other limitations in the claims.

Salzman (US 5423320) discloses a similar device, as discussed in prior Office Actions, but Salzman's device is configured for gas transfer only at a distal end of the tubes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
